The following action is in response to the amendment received February 3, 2004.

***Examiner's Amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

**In claim 8, line 1, "5" has been changed to – 1 --.**

The above change has been made to obviate an objection/rejection under 35 USC 112, second paragraph. As submitted in the amendment of February 3, 2004, claim 8 depended from canceled claim 5. Therefore, the dependency of claim 8 has been corrected by the examiner.

***Allowable Subject Matter***

Claims 1-4 and 6-32 are allowed.

***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: The prior art of record fails to show or render obvious a diaphragm clutch as defined in claim 1

wherein the Belleville assistance ring is mounted between the pressure plate and the cover plate, and the Belleville assistance ring has radially external lugs which are bent back to define hooks that surround the peripheral portion of the diaphragm with a clearance when the clutch mechanism is in a disengaged position.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rodney H. Bonck whose telephone number is (703)-308-2904. The examiner can normally be reached on Monday-Friday 7:30AM - 4:00 PM.
